

Abstract Painting Gallery

At over 3,000 square feet, the DM Weil Gallery may be the largest modern art gallery in New York's Hudson Valley. Just a short drive from the center of picturesque New Paltz, the DM Weil Gallery offers the look and vibe of an exclusive Soho style exhibition space, but with the majestic Shawangunk mountains as a backdrop.

While the art on the walls -- the eye-popping abstract creations of acclaimed painter DM Weil -- has been praised by critics and collectors alike, the gallery's mission statement remains, "Why Can't Fine Art Be Fun?".

Visitors to the DM Weil Gallery are rewarded not only with walls exploding with colorful contemporary paintings, but also with complimentary wine, espresso and other goodies.

DM Weil Bio

DM Weil was born in New York City and grew up in the Bronx. Her earliest memories are of sitting at the kitchen table drawing for hours. By the age of nine, DM had already won a number of local drawing and poster contests.

A turning point came in sixth grade, when DM was accepted to both art and music talent programs, but could only choose one. DM chose the music talent program, and started on a path that led all the way to becoming a published songwriter and member of BMI.

Through the years, DM Weil's artistic urges led to forays in photography and interior design. But the impulse to paint remained strong.
